

# One2One™ BioServices

invites Delegates to a Sunday afternoon tour of Hospira's

## Centre of Excellence for Biologic Drug Substance Process Development

### Mammalian Cell Technology

see for yourself the latest in high throughput matrix design and disposable bioreactors

### Clinical Trials Unit

for quicker time to the clinic with small batch sizes

### 500 L cGMP Microbial Facility

hear from the team that has expressed more than 50 proteins

Located in the heart of South Australia's biotech hub, just 2 km from the Convention Center, experience for yourself the latest in biomanufacturing technology and capabilities
