AUSBIOTECH 2011 CONFERENCE SPEAKERS' PROFILE

David Blake
Co-Founder
Bioshares, Australia

David Blake is co-founder and co-editor of Bioshares, an independent biotech, healthcare and pharmaceutical stock report.

Bioshares was launched in 2000 and has cemented a position as Australia's leading weekly source of biotech company analysis and information on industry developments and sector trends.

Prior to launching a career as a company and industry analyst, David was employed as a housing market analyst with the State Government of Victoria.

David was educated at the University of Queensland, from which he received a B.A, majoring in politics and economics and the University of Melbourne, where he completed a Post Graduate Diploma in Economics. He was also awarded a Graduate Diploma in Applied Finance and Investment from the Securities Institute of Australia.
