## AUSBIOTECH 2011 CONFERENCE SPEAKERS' PROFILE

**Dr Jurgen Michaelis**  
**Chief Executive Officer**  
**BioInnovation SA, Australia**

Dr Jurgen Michaelis has over 20 years experience as a senior executive in the international life science industry, having worked in Europe, Australia and New Zealand. He has raised more than \$150 million in private equity and venture capital for biotechnology companies, as well as participated in the full lifecycle of technology development and commercialisation.

Jurgen is the Founder and Chairman of Terra Rossa Capital Pty Ltd which manages the \$35 million South Australian Life Science Advancement Fund.

In addition, he is the CEO of Bio Innovation SA, the South Australian Governments biotechnology industry development organisation. He serves on a number of government and industry boards.

Jurgen holds a Bachelor of Science (Hon) in Biology, a Doctorate of Philosophy in Biochemistry and a Graduate Diploma Marketing Management.
