

# Creativity. Capability. Capital.

**AusBiotech2011**  
AUSTRALIA'S BIOTECHNOLOGY CONFERENCE

16 to 19 October 2011  
Adelaide Convention Centre, South Australia  
[www.ausbiotech2011.com.au](http://www.ausbiotech2011.com.au)

## AUSBIOTECH 2011 CONFERENCE SPEAKERS' PROFILE

**Dr Juan Juttner**  
**Manager Gene Discovery**  
**Grains Research and Development Corporation**

**Qualifications:** PhD in plant molecular biology,  
University of Adelaide

**Title of Presentation:** Application of biotechnology to  
Australian farming systems

Currently holds the position of Program Manager,  
Gene Discovery with the Grains Research and  
Development Corporation in Canberra and has a plant  
research background with postdoctoral research  
experience at the Australian Centre for Plant  
Functional Genomics in Adelaide.

Past research interests have included the application of molecular markers to barley breeding, investigating the genetic basis of self-incompatibility in the grasses and molecular biology studies of abiotic stress tolerance in wheat and barley.
