AUSBIOTECH 2011 CONFERENCE SPEAKERS' PROFILE

Professor Stephen Prowse
Chief Executive Officer
CRC for Wound Management, Australia

Professor Stephen Prowse is the CEO of the Wound Management Innovation Cooperative Research Centre and an Adjunct Professor at the Queensland University of Technology.

Stephen has a strong interest in the translation of research outputs into impact, especially in delivering broader community benefit. In his recent positions he has had oversight of numerous projects and programs that have involved the use of research outputs to change policy and practice.

Professor Prowse has a background in disease research in humans and livestock with a focus on pathogenesis, and the development of vaccines and diagnostics.

Professor Prowse is the author of over 100 publications in refereed journals, books, industry journals and on-line. Professor Prowse is a reviewer for various journals and funding organizations and has served on Government and industry advisory and policy committees.
