AUSBIOTECH 2011 CONFERENCE SPEAKERS' PROFILE

Dr Suzanne Hasthorpe
Manager, Coordinating Office for Human Research Ethics
Department of Health, Victoria, Australia

Suzanne has lead research teams in the areas of bone marrow transplantation, cancer research and neonatal reproductive biology.

She has worked in Australia and as a visiting scientist at the Radiobiology Institute in The Netherlands, Pasteur Institute in Paris, France and in Biochemistry at the University of Oxford, UK.

She is an experienced Non-Executive Director on hospital, not-for-profit and industry Boards.

Suzanne project managed the establishment of the single ethical review system for multi-site clinical trials for the Department of Health in Victoria.

In 2006 she was the secretariat for the review of the Gene Technology Act 2001 in Victoria.
