Our experience brings together all the planning, organisation, displays, furnishings, visual graphics, lighting, flooring and design you'll need to make a great impression.

Since its establishment in 1969, **Moreton Hire** has grown into one of Australia's largest and most trusted exhibition and event infrastructure providers, servicing more than 1500 exhibitions and events annually. With offices in Sydney, Melbourne and Brisbane, we are perfectly placed to cater to your trade fair, conference or exhibition requirements.

Our full suite of services runs from product sourcing and development, project management and design to logistical support and implementation. All of which enables us to provide you with endless innovative ways to create exciting and unique exhibition environments.

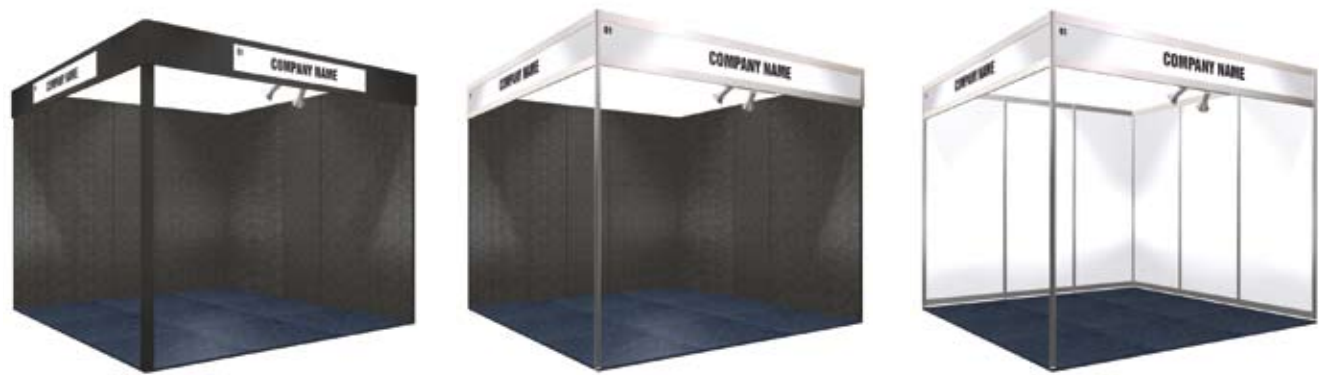

“Create an impact,
Command attention.”

Want to get your message across?
In today's competitive market, it's essential to grab your customer's attention. With clients becoming ever more sophisticated, it's vital that every square centimetre of space is engaging and effective. In this catalogue you'll find everything you need to achieve that, from shell scheme, furniture and floorplan design to power, audio visual and presentation equipment.

Custom Design Stands

Tailoring products to meet your unique design needs

“Made to order”

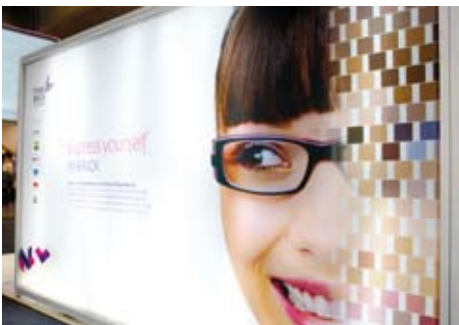

Whether you choose a fully custom-designed stand or, for maximum flexibility, one which combines custom elements within our own system, our staff will work closely with you from concept to completion.

Once you have opted for a **Moreton Hire** Custom Design Stand, your dedicated account manager will keep you informed on progress, providing a first point of contact every step of the way.

“Get the look”

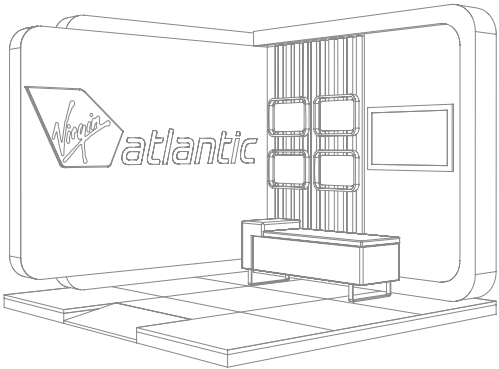

Moreton Hire Custom Design Stands enable you to creatively transform your stand into a bold and impressive environment.

Virgin Atlantic

The forms and colours of this custom-built stand are derived from the Virgin Atlantic logo. One red side wall with a large illuminated logo delivers a strong sense of Virgin Atlantic's image. The other purple side wall, decorated with a red curtain and acrylic, achieves a feeling of luxury and prestige. It is also designed with flexibility in mind, one side wall can be opened to line up with another and thus easily fit into 6x3 spaces.

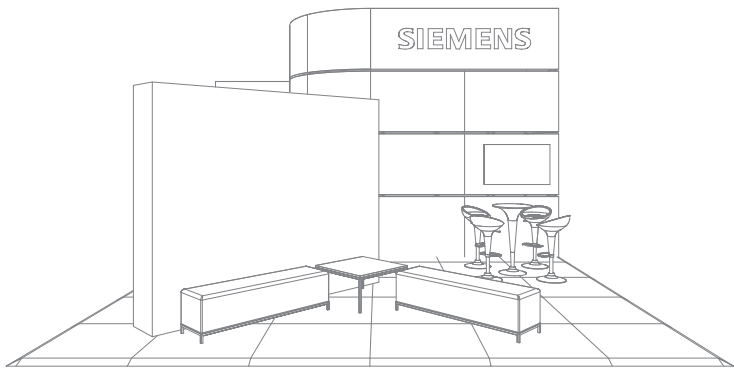

Line Drawing - 3D Perspective Plan

Siemens

"Innovation for generations" is the inspirational concept for this stand. The clean lines and modern design reflect the philosophy and the technological developments that Siemens have been applying for more than 135 years. The monumental wall at the back highlights the diverse solution areas and Siemens corporate identity, at the same time as the structural divider creates interesting angles and movement into the different spaces of the stand.

Line Drawing - 3D Perspective Plan

Display Signage

Instant recognition for you and your brand

“Looking good”

Great graphics are like instant messaging – they’re a fast, smart way to get yourself noticed. They can also add clarity and focus to what you want to convey.

Our professional exhibition and event sign shops are specifically set up to manage the requirements of event signage. From posters and vinyl-cut signage to large format printing and custom-made options, our shops, located in Sydney, Melbourne and Brisbane and backed by state-of-the-art technology, making our service in this field second to none.

FAQ: Visual Marketing

The jargon surrounding display signage can be confusing to the uninitiated. Cut through the tech-speak with **Moreton Hire's** quick Q&A.

- Q:** What does vector mean?
A: Vector is scalable to any size without any loss of quality (line artwork).
- Q:** What file do I require?
A: Vinyl graphics must be vector with extensions "eps, pdf, ai". Digital graphics must be high-resolution with extensions "eps, pdf, tiff, jpeg or psd (min 120 dpi @ 100%)."
- Q:** How can I send you the files?
A: You can upload them to FPT sites or send by CD.

Freestanding Curved Sign

“Bright ideas”

Want to create maximum impact?
Moreton Hire can transform your exhibition from ordinary to extraordinary. Whether it's standard booth lighting, colour pin spots or intelligent lighting, we provide the finishing touches while maintaining the strictest safety standards.

FAQ: Lighting & Power

- Q: What is wattage?**
A: Wattage is how much power an appliance needs to operate. amps multiplied by volts equals watts (10amps) x (240v) = (2400w).
- Q: What size power point should I order?**
A: **Moreton Hire** has 4 standard single phase power points; 4amp, 10amp, 15amp and 20amp.
- Q: Should I order spot lights or floodlights?**
A: Spotlights are used to highlight individual products. Floodlights are designed to “Flood” large areas.

“In tune with your audience ”

Moreton Hire designs and constructs indoor and outdoor staging and multi-coloured flooring on almost any surface, to any height, and to stringent engineering and safety guidelines.

We also provide a full range of event technical services, ranging from basic stage lighting through to the coordination of spectacular product launches, awards nights and gala dinners. Services include computer-controlled lighting systems and crisp, clean audio and multimedia presentations.

Your event will be fully coordinated from concept, design and operation, through to the removal of equipment. Our staff manage your event, allowing you to manage your guests.
